

# BURLINGTON STEEL COMPANY, LIMITED

## ANNUAL REPORT OF THE BOARD OF DIRECTORS

TO THE SHAREHOLDERS:

**Y**OUR Directors present herewith a statement of the affairs and financial position of the Company for the fiscal year ended December 31, 1939.

Our business for the first half of 1939 showed a decline from the same period for 1938. An improvement occurred in July, and with the declaration of war in Europe we experienced an influx of business which permitted peak operations over the last months of the year. Tonnage shipped during 1939 exceeded that of the previous year by approximately 25%.

In spite of increased labor and material costs and higher taxes, and without compensating increases in our selling price, the improvement in volume resulted in an increase of \$20,051.74 in the year's profits over 1938.

After full depreciation and provision for all taxes, net profit for the year amounted to \$110,736.18, equal to 79 cents per share, compared with 65 cents per share in 1938. Dividends totalling \$84,000, at the regular rate of 60 cents per share, were paid from the year's earnings. Net current assets were increased \$59,628.99, and now amount to \$872,544.31.

Your plant and equipment have been maintained at the highest point of efficiency. Inventories were carried into the new year at a conservative figure.

Under present unsettled world conditions it is impossible to forecast what the new year has in store. It would appear, however, that the steel industry will be actively employed during the current year, and that this Company may look forward to obtaining its reasonable proportion of the business available. With a keen and loyal staff, and your plant in excellent physical condition, your Company faces the future ready to take advantage of every opportunity which may present itself.

Respectfully submitted on behalf of the Directors.

H. J. STAMBAUGH,  
President.

Hamilton, February 10, 1940.

#### AUDITORS' REPORT TO SHAREHOLDERS

We have examined the balance sheet of Burlington Steel Company, Limited as at December 31, 1939, with we examined or tested accounting records of the company and other supporting evidence and accounting methods and of the operating and income accounts for the year, and the scope of our examination.

We report that, in our opinion, based upon such examination, the above balance sheet and statement of the state of the company's affairs as at December 31, 1939, and the result of its operations for the year ended December 31, 1939, are correct.

Toronto, February 8, 1940.
